

First Steps in Mathematics:

NUMBER Facilitator Course

PERTH, WA – October/November 2010

What teachers have said about the *First Steps in Mathematics* NUMBER Course....

"This was the most valuable PD I've ever done - it was so logically organised, well researched and presented, including step-by-step progression of children's learning and practical activities. I especially found useful the presentation on how to begin our action plan in school."

Teacher, Edge Hill SS, QLD

"The course was excellent...it fully supports mathematical learning and to develop a whole school approach to excellent pedagogy"

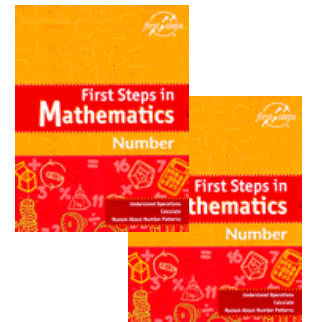

Teacher, Ranfurly PS, VIC

Benefits of Training a Facilitator:

The Facilitator Model ('Train the Trainer') is the most cost-effective way of bringing *First Steps in Mathematics: Number* to a large number of teachers within a school or cluster of schools. On completion of the specialised **seven-day** course, Facilitators are certified to conduct the eighteen hour **First Steps in Mathematics: NUMBER** Teacher Course for others. This can be done over time and will provide the benefits of spaced learning. Facilitators are also able to offer ongoing, localised support, after Teacher Courses have concluded. **An added bonus - Facilitators can access *First Steps 2nd Edition* texts at a 20% discount.**

Facilitators Receive the following:

- Comprehensive Facilitator notes to facilitate 18 hours of professional learning for teachers.
- The complete set of presentation slides on PowerPoint.
- DVD and Video Clips of students completing diagnostic tasks.
- First Steps in Mathematics* Overview Book.
- First Steps in Mathematics-Number- Volume 1 and 2* Texts.
- First Steps in Mathematics-Number- Course Books.*
- Ongoing support from STEPS Professional Development, including access to a worldwide Facilitator chat room.
- Access to a 20% discount on the *First Steps in Mathematics* NUMBER texts.
- STEPS Professional Development Satchel.
- Lunch and Morning Tea.
